PERFECT ⬤ STRANGER

Perfect Stranger Technical Rider 2016

DJ mixer ***Pioneer DJM 900 Nexus*** or ***higher*** , with the USB input free and WORKING on the Mixer.

3 ***CDJ Pioneer 2000 MKII*** or ***900 Nexus*** or ***XDJ1000*** (Basically any equipment that reads Rekordbox files) or ***higher*** - preference to equipment that reads SDCards.

Work Space - Should be 1.5 meter wide and 1 meter deep, of a reasonable height (not less than 120cm), to get the best work environment on stage.

At least 1 decent working monitor speaker available on stage.

3 electricity slots with stable current should be available as close to the mentioned above space to plug needed personal equipment.

Beverages - Water

Decent and dimmed lighting on the DJ table, to be able to see the knobs of the mixer properly.
